Submitted by Ron MacLachlan,

- Ron MacLachlan sold the second of two
- Signtronix signs at this location. RM Jim
- Callahan sold the original outdoor sign nine
- years ago. The owner now has the huge
- advantage of allowing her sign to speak
- Spanish to her customers. Owner, Marcela
- Ruezga was so pleased with her new EMC
- she wrote testimonial letters in English *and*
- Spanish for Ron.

Dear Friends,

We at Immigration Multiservices would like to take this opportunity to thank you for your business support and outstanding innovation in products that work for a great way of advertising for my business. Also, I'd like to show our appreciation for the new sign I recently bought from Ron MacLachlan, representing Signtronix. This is the second sign I have from your company. The first one I got nine years ago.

I have decided to have a second electrical sign because this one is for indoor use, not heavy, the right price, high quality, great appearance and because this is an EXCELLENT WAY OF ADVERTISING!!! I choose what I want to say to my customers in the different seasons of my business year in Spanish and English. I have new customers just because they see the sign. In a few words, THANK YOU FOR HELPING ME IMPROVE MY BUSINESS!!!
